Welcome to Lapland Lupulin Brewery

About Us

Located in the frosty embrace of Rovaniemi, Lapland, we at the Lapland Lupulin Brewery are as hearty and bold as the arctic landscape that surrounds us. Established in the winter of 2018, we are the masters of cold-brewed concoctions, creating beers infused with the rich and diverse flavors of the Finnish wilderness. Our brewery is a haven for those seeking the extraordinary, where imagination is bottled, and every sip tells a story of northern lights, reindeer trails, and endless snowy vistas.
